Curriculum Vitae

Curriculum Vitae - Sara Klein Berlin, Germany - sara.klein@example.org

Education MSc Physics, Humboldt-Universitaet zu Berlin (2020 - 2023), grade 1.3. Thesis: "Bayesian Deep Learning for Particle Tracking" - developed a probabilistic deep learning pipeline in PyTorch for tracking detectors. BSc Physics, Freie Universitaet Berlin (2016 - 2020).

Work experience Research intern, national laboratory for high-energy physics (2022 - 2023): statistical inference for detector data, uncertainty quantification, code reviews in a 12-person team.

Skills Python (4 years), NumPy, PyTorch, Git, probability theory, statistics, Bayesian inference, machine learning fundamentals. Presented my thesis results at the laboratory's internal seminar series.

Languages German (native), English (C1).
